

Denmarks **OLDEST and GREATEST** amateur music festival - *since 1971*,
better known as -- **MOSSTOCK** -- takes place this year for the **40 time**.

It all started at the first weekend in June 1971 when Denmark's first rhythmic music festival started its existence. As time went by, several other festivals started, but only Mosstock Festival has performed under the same name and the same place over the years.

The programme includes the best of many different types of amateur music. Here is soft pop music, hard rock, blues, country music, rock'n roll, folk musicians, choral singing and great fiddler musicians.

The Festival site is situated at one of the most beautiful sceneries in Denmark, surrounded by fields, woods and the river Gudenå passing by the festival site. The perfect place to relax and enjoy the scenery and the music. Near by the Festival is lake **Blidsø**, where you can go for a swim.

The stage is inside a big tent with great atmosphere and the bar is easy to find, if you are hungry you can find eating places which offer almost everything. These places are open as long as the music plays.

Activities at the festival site: a Tent for children to play and an outside playground with surveillance.

Trade and Entertainment places. Sale of Beer, Soft drinks and Food.

You can camp on the festival place

from Wednesday the 28th. July **6.00 p.m.**, until Monday the 2nd. August **4.00 p.m.**
